

What is RECONNECT?

RECONNECT is a recycling program partnered between participating Goodwill Memberships and Dell Computers. **RECONNECT** accepts **any brand** of used computer equipment **in any condition**. It also accepts just about anything that can be connected to a computer. Accepted Items include:

Monitors

If the glass is broken, place the monitor in a cardboard box lined with a large plastic garbage bag. Seal the box and clearly label it with "broken monitor" and the date.

Computers (Desktop & Laptop)

Printers Including laser and inkjet

Scanners

If the glass is broken, place the scanner in a cardboard box lined with a large plastic garbage bag. Seal the box and clearly label it with "broken scanner" and the date.

Hard Drives (External or Internal)

Dell and Goodwill Industries do not accept liability for lost or confidential data or software. You are responsible for backing up any valuable information and erasing sensitive data from the hard drive before dropping it off. (If you want to completely erase the hard drive, you can find a number of free services available online.)

Keyboards Wired or wireless

Mice Wired or wireless

Speakers With or without cables

Cords & Cables Including power cords and USB cables

Ink & Toner Cartridges Full or empty

In addition to the items listed above **RECONNECT** accepts the following Microsoft Branded items. All items must clearly display the Microsoft brand to be accepted.

Microsoft LifeCam, Microsoft LifeChat, Microsoft Zune, Microsoft Xbox 360 and all Microsoft PC and Gaming Peripherals such as controllers, speakers, headsets, wireless adapters and memory units.

Feel good about what you've done.

Your donated equipment has value— sometimes as parts and sometimes as raw materials such as metals, plastics and glass. The proceeds from your donation are all returned to Goodwill and help to support Goodwill's important mission of putting people to work. You'll get a receipt for tax purposes, plus you'll be helping to protect the environment and benefit your community at the same time!

The equipment you donate to **RECONNECT** is managed with [highest standards for workplace and environmental safety](#). You can rest assured that the program is not exporting waste or sending any environmentally sensitive material to landfills. **RECONNECT** has been recognized with a number of [awards and accolades](#) from public officials.

Why have Dell and Goodwill partnered to offer **RECONNECT**?

Goodwill has a network of stores and donation centers and tremendous experience with accepting gently used goods, making Goodwill a natural convenient drop-off location for used computers. Dell has industry-leading experience in offering responsible consumer recycling programs that meet the highest standards of workplace and environmental safety. Working together, Goodwill and Dell can make free computer recycling available to more consumers and help raise consumer awareness about the importance of responsibly recycling used computers.

How do I know you will handle my computer responsibly?

RECONNECT is managed to both Goodwill and Dell's high standards for workplace and environmental safety. All collection and recycling practices are audited by a third-party to ensure these standards are met. These standards include an absolute prohibition on the export of waste and on the landfill of any environmentally-sensitive material.
